ABATE of Florida; Inc. was the driving force behind the changes in Florida's helmet law. FL motorcyclists now enjoy the freedom to choose whether to wear a helmet or not. ABATE of FL, Inc. has developed & copyrighted The Motorcycle Safety & Awareness Program. It is a course that is given to non-motorcyclists to educate them how to safely share the road with motorcyclists. It is taught in local schools & civic organizations at no charge in the hope of

reducing motorcycle accidents through education not legislation. ABATE of Florida, Inc. serves on the advisory board for the Motorcycle Riders Training Program. This is the organization that oversees the local training sites for motorcyclists. These sites are funded only by motorcyclists, through the monies collected by the motorcycle endorsement on your drivers license & the fees that are collected at the training sites. ABATE was the organization that got the monies returned to that program when the State of Florida saw fit to use it for non motorcycling purposes. It also put in legislation that effectively keep the State from seizing the funds from the program in the future. ABATE acts as your watchdog by monitoring how that money is spent and makes suggestions that can improve the Motorcycle Riders Training Program for all motorcyclists. We promote 6 road trips a year. Every even month, the 2nd wkend of that month is a State meeting.
